Summer 2010

Vol-II, Issue-1

NIET Journal of Management (nick-named N.JoM) is a bi-annual additional tool in the vast, ever stimulating realm of serious Management literature. It is published twice, the Summer and Winter issues, each year. It gives us immense happiness to present to you the Summer issue, 2010.

The NIET Journal of Management will primarily cover research papers, case studies, reportage and other features like experience sharing and interviews with leading management thinkers and practitioners. We invite young and upcoming scholars, corporate leaders, teachers and, not the least, keen management students to be part of the N.JoM.

At the NIET JoM we are committed to make a marked contribution to the understanding and practice of Management. You are invited to be part of this endeavor.

The views expressed in articles and other features published in the NIET Journal of Management are of the authors and do not necessarily represent the opinion of Noida Institute of Engineering & Technology, Greater Noida. The darker part of the tree shows uncertain and devilish image of the market, whereas with the lighter part we see hope, opportunity & determination. The tree, of course, is a symbol of growth and 'green' management.
